Construction

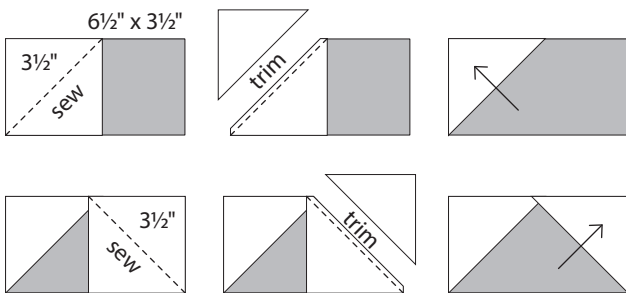

Use $\frac{1}{4}$ " seams. Press in the direction of the arrows in the diagrams.

1 House Rooftops A, B, C, and D

Draw a diagonal line from corner to corner on the wrong side of $4-3\frac{1}{2}$ " house squares and $6-3\frac{1}{2}$ " background squares.

The same technique is used to make all the roof tops. Just note whether you are using a marked house or marked background square. Layer a marked square, right sides to together, on $1-6\frac{1}{2}$ " x $3\frac{1}{2}$ " roof rectangle as shown. Sew on the diagonal line. Trim $\frac{1}{4}$ " from the sewn line. Press to reveal the triangle. Repeat on the opposite end of the same rectangle.
