Pre-Registration requested by February 1st to have your kit sent out with our first shipment. Kits will ship on or around the 15th of each month for 12 months starting February 15th, 2018.

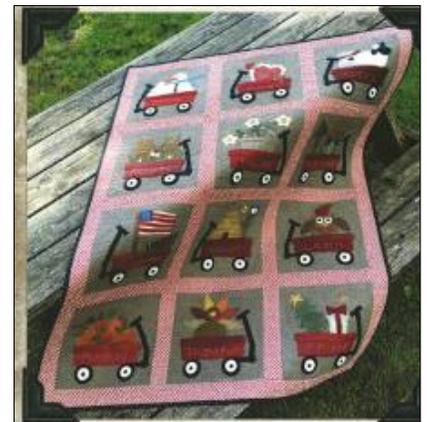

Work on My Woolly Red Wagon by Wooden Spool Designs each month during the year. Put all the blocks together into a quilt, or use individual blocks for pillows or wall quilts. Blocks are 11" x 11" finished.

We have used Moda Crossweave as our background fabric. You can either purchase 1 1/2 yards of this fabric at the beginning of the series, or can use your own choice of background. This allows you to get all your background fabrics cut and prepped and insures you have the same dye lot throughout.

If using the Crossweave, we recommend using Shapeflex interfacing as suggested on the pattern. It adds body and stability for applique.
